

From the time I was able to vote I voted Republican. I am now 69 years old.

Recently I received a questionnaire and request for money from the Republican Party and strongly agree with every question, as I have since Obama was elected.

Unfortunately the one question that was missing is: What have the Republicans done for the American people?

We gave you a majority in the House and Senate, and you never listened to us. Now you want our money, my money, more money. You should be more concerned about our votes, not our money.

You are the establishment which means all you want is to save your jobs and line your pockets.

Well guess what? It's not going to happen.

TRUMP hasn't asked for a dime.

You might think we are fools because you feel Trump is on a self-destruct course, but look beyond Washington and listen to the masses. Nobody has achieved what he has, especially in the state of New York.

Here's why I want Trump. Yes, he's a bit of an ass; yes, he's an egomaniac; but I don't care.

The country is a mess because politicians suck.

The Republican Party is two-faced and gutless, and illegals are everywhere.

I want it all fixed!

I don't care that Trump is crude.

I don't care that he insults people.

I don't care that he has changed positions.

I don't care that he's been married 3 times.

I don't care that he fights with Megan Kelly and Rosie O'Donnell.

I don't care that he doesn't know the name of some Muslim terrorist.

Our country has become weak, bankrupt. Our enemies are making fun of us. We are being invaded by illegals. We are becoming a nation of victims where every Tom, Ricardo and Hassid is a special group with special rights to a point where we don't even recognize the country we were born and raised in, "AND I JUST WANT IT FIXED." And Trump is the only guy who seems to understand what the people want.

I'm sick of politicians, sick of the Democratic Party, the Republican Party, and sick of illegals. I just want this thing fixed. Trump may not be a saint, but he doesn't have lobbyist money controlling him; he doesn't have political correctness restraining him; all you know is that he has been very successful; a good negotiator; he has built a lot of things; and, he's also not a politician. And, he says he'll fix it. And, I believe him because he is too much of an egotist to be proven wrong or looked at and called a liar.

I don't care if the guy has bad hair.

You are welcome to pass this on, or not.

Thought for the Day "No country can sustain, in idleness, more than a small percentage of its numbers. The great majority must labor at something productive!"
