

Shalom fellow pilgrims and strangers

As the wise King Solomon reminds us, "The curse causeless shall not come" (Proverbs 26:2), and all with their eyes open will easily observe a multitude of curses that surround us in our "modern" society - absent fathers and broken families, glorification of every form of sexual deviancy, rapidly increasing crime of all types in the big cities, efforts to destroy even the concept of moral absolutes as revealed in Scripture, proliferating drug usage, and much more. By the undeserved grace of our Heavenly Father, and after 4 years of medical school followed by 40 years of marriage and other continuing education including in depth research into the philosophy and spiritual roots of allopathic medicine, sorcery and occult principles and ritual, Seventh-day Adventist history and apostasy, and the revelation of Torah truth presently taking place in the Messianic movement, I have been helped to understand the root cause for the curses mentioned above and more, and I explain that cause in my new study "Witchcraft 101 Episode 2 - How To Do Spirit Cooking." As you read this study you will discover not only the cause of the cursed state that engulfs us today, but how with the help of our Messiah YAHUAHSHUA and His Holy Spirit you can reverse this situation in your own family and in your nation, if it has not filled up its cup of iniquity and passed the point of no return, which a number of prophetic voices say may already be the situation with several nations including the USA.

BE BLESSED not cursed!
