

74) Patriots in Military Intelligence knew about the deep state's plan to sabotage Trump.
They created a counter plan.
Here's my guess on what that plan looks like.

75) Military intelligence anticipates & confirms through signals intelligence, the surveillance of Donald Trump by foreign & domestic agencies.
FBI launches a counterintelligence investigation which predictably leads to the appointment of a Special Counsel.

76) Military Intel advises Trump:
Play along with their game.
Let them think they're running the show.
Let them run their operation and don't interfere.
We'll observe it all and gather the evidence.
When the time is right, we'll hold military tribunals to deal with them.

77) Rosenstein is appointed Deputy AG and predictably, fires Comey and appoints Mueller as Special Counsel.

Since Sessions is recused and held in check, the deep state believes they have all their people in place to takedown Trump.

78) Mueller indicts the well-known lobbyist and money launderer Paul Manafort. The cabal thinks everything is going according to plan.

79) But along the way, the text messages of Lisa Page and Peter Strzok are mysteriously made public, their corruption is exposed, they're removed from Mueller's team and forced to cooperate with Inspector General Horowitz's investigation.

They're out of commission.

80) General Flynn pleads guilty to lying to the FBI and the deep state feels a little better.

81) Then acting FBI Director McCabe is fired and referred for criminal prosecution.

Chief Counsel James Baker is nailed and he's gone. Then FBI Chief of staff Rybicki is taken out.

Over the next few months, the 7th floor is cleaned out.

And no one asks why.

82) Trump keeps the deep state's hopes up by blasting Jeff Sessions a few times a month for refusing to help him out.

Witch hunt!

83) Rather than do what his enemies expect, and appoint a second special counsel to investigate the swamp, Sessions secretly tasks a US Attorney in deep red state territory to begin prosecution.

84) Although Mueller's investigation leaks like a sieve, nothing is ever leaked from Huber's investigation.

That fact causes everyone to think nothing is happening.

And that's exactly how Military Intelligence wants it.

85) DOJ, FBI, C_IA, and State Department undergo wholesale cleaning.

Leakers are found and removed from the White House. Trump and McConnell appoint new circuit court judges at a record pace.

Few seem to notice.

86) To corrupt politicians and deep state actors, it becomes more apparent every day that things are not going according to plan. Trump should have been gone by now. There are 2 months left before the midterms and he's still in office.

What happened to [#MuellerTime](#)?

87) Congress is moving fast to declassify and make

public documents that expose the deep state's plan to throw an election and impeach a duly elected President without cause.

88) Sleeper cells planted inside the government are activated and begin their plan of disrupting the Trump administration.

89) Military Intelligence continues observing and compiling evidence that will be used to prosecute bad actors.
