

Coach, one great passage from Jubilees 21:17-19.
I thought the wording in this passage was very telling. It's Abraham instructing his son Isaac.

"And let no blood appear upon you or upon your clothes; be on your guard my son, against blood; be on your guard exceedingly; cover it with dust. And do not eat any blood for it is the soul; eat no blood whatsoever. And take no gifts for the blood of man, lest it be shed with impunity, without judgement; for it is the blood that is shed that causes the earth to sin, and the earth cannot be cleansed from the blood of man save by the blood of him who shed it."

The blood is the soul. I'm beginning to see why abortion (innocent blood) is so important to the devil's kids.

PS - By the way, I've been reading the book of Jubilees. It is absolutely absorbing.

Goes into fine detail of the creation story and so far I've got up to where Abraham died.

You wouldn't believe how great the detail is and none of it contradicts Genesis.

Goes into great detail on the Nephilym. Also how Noah gave the territories to his three sons.

The North to Japeth, center to Shem and North Africa to

Ham, but Caanan moved into Shem's territory.
Noah said he would be cursed if that happened.
Wow, there is just so much detail. It brings Genesis alive.
It's all in the Aleph-Tav Cephher. Wow, what a book.
