

Fwd: Fw: Final predictions on Election 2024

Thanks to Thomas D, THIS info may help you to keep your head out of the oven late the night of 11/5! (Besides, it's ELECTRIC and would take too much time.)
That said, WHEN Trump is declared the winner, LOCK & LOAD as the left's response will make the 2016 festivities look like a Sunday school picnic!

PS:Especially in Democrat areas, don't expect the cops to respond to your 911 call. They'll be HOME keeping THEIR families safe!

Final predictions on Election 2024

Tierney's Real News

Nov 4

This newsletter includes the final predictions (and reference charts) from a few

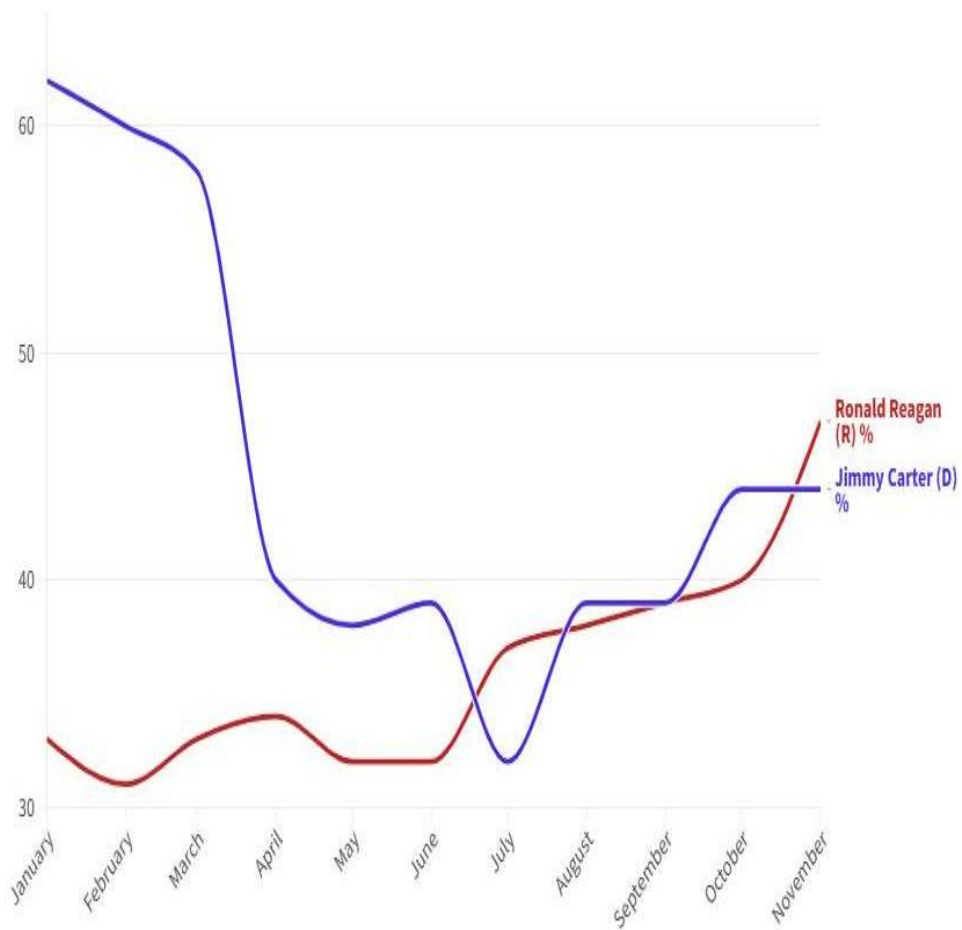

trusted pundits and pollsters about the election and a reminder of what they did to us last time - so we don't let it happen again. Please refer to this on election night as the results come in.

Remember, most of the pollsters and pundits are not in the business of telling us the truth until they have to. They are in the business of doing the bidding of whoever pays them the most and "course correcting" at the last minute so they can claim they were right all along.

I wrote and fielded research surveys in my marketing career and I know how easy it is to manipulate a poll result by using skewed questions or databases. They all do it. Even worse - today they can't reach people like they used to with land lines so it's a nightmare to even find people to poll.

In 1980, the pollsters said Reagan was going to lose big time to Carter until the last week.

Reagan vs. Carter Polling

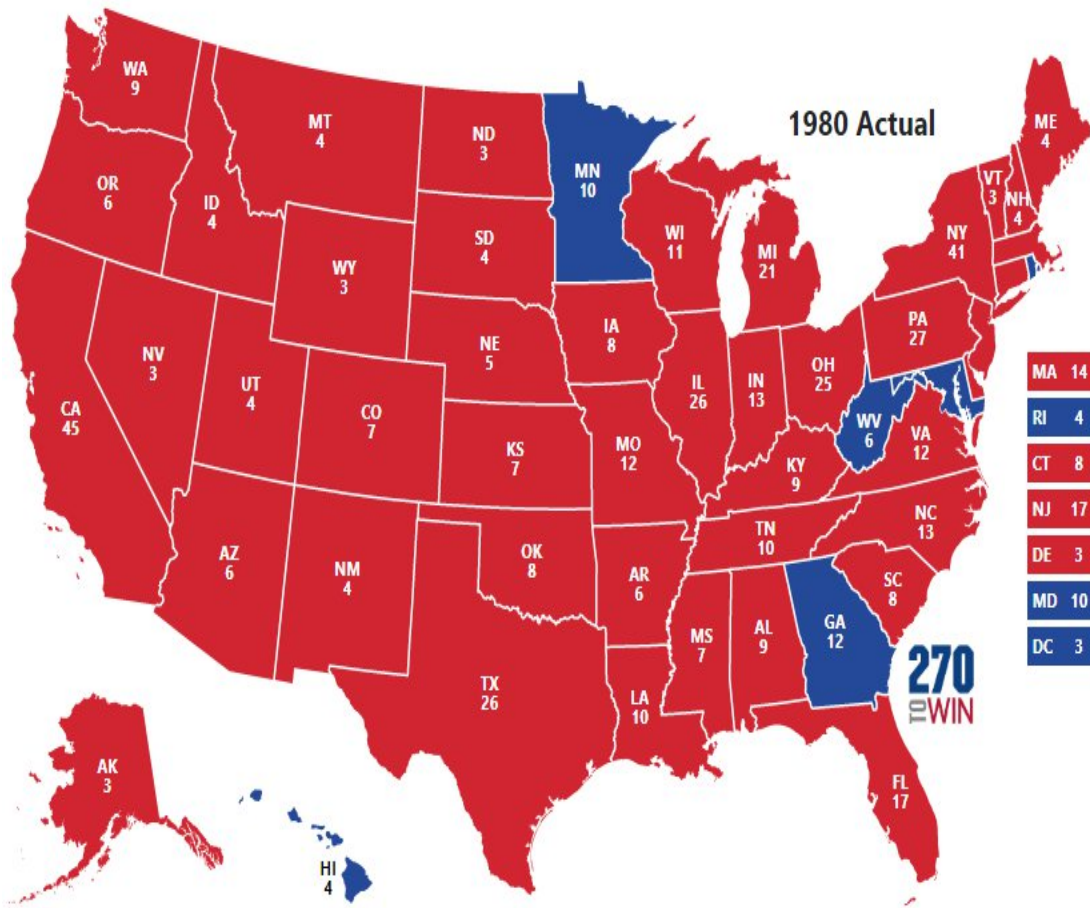

Source: [Gallup](#)

YET, Reagan won 44 states, got 489 electoral votes and beat Carter by 10 points. Sorry, but that didn't just happen in the LAST WEEK. The economy and inflation under Carter was horrific and the American people had enough.

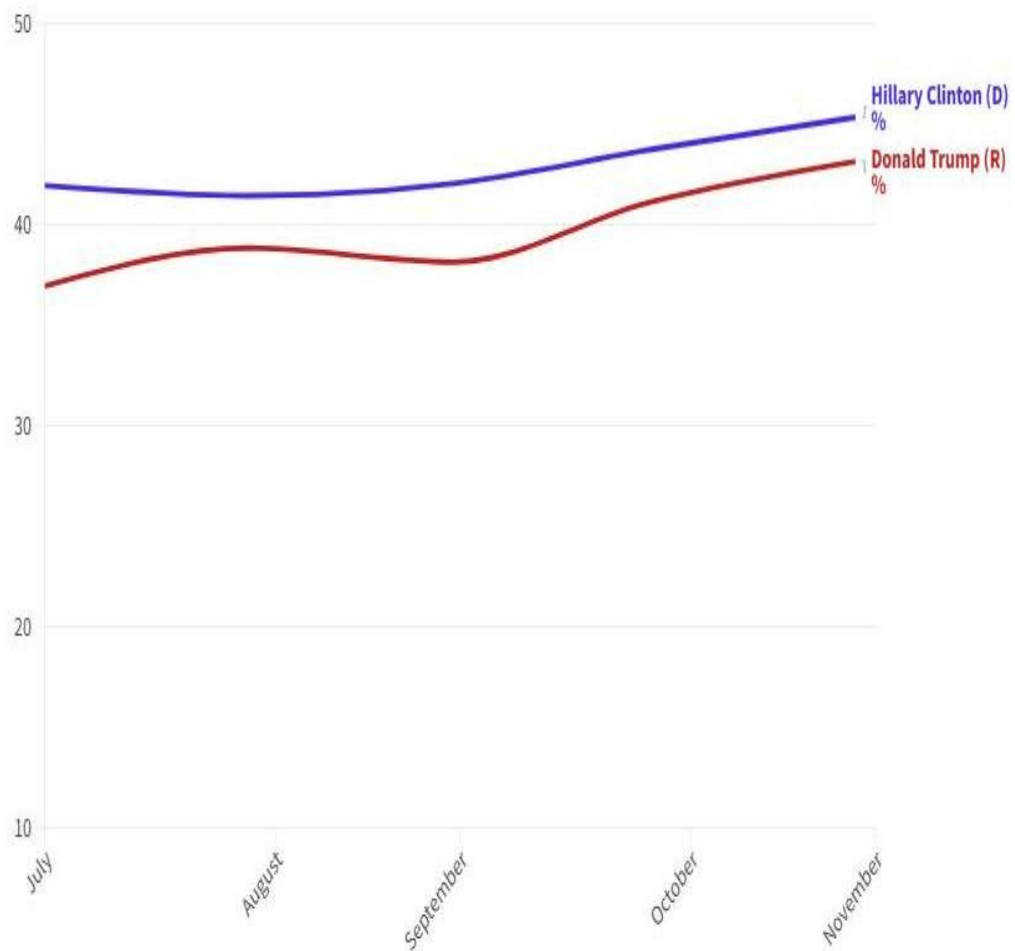

Carter (D) 49

489 Reagan (R)

In 2016, the pollsters said from the beginning that Trump was going to lose to Hillary. After Trump won, the **networks** and the pundits agreed that the polls were **mostly wrong!** And, then they conspired with each other and the fake news and Big Tech to make sure that Republicans could never win again.

Trump vs. Clinton Polling

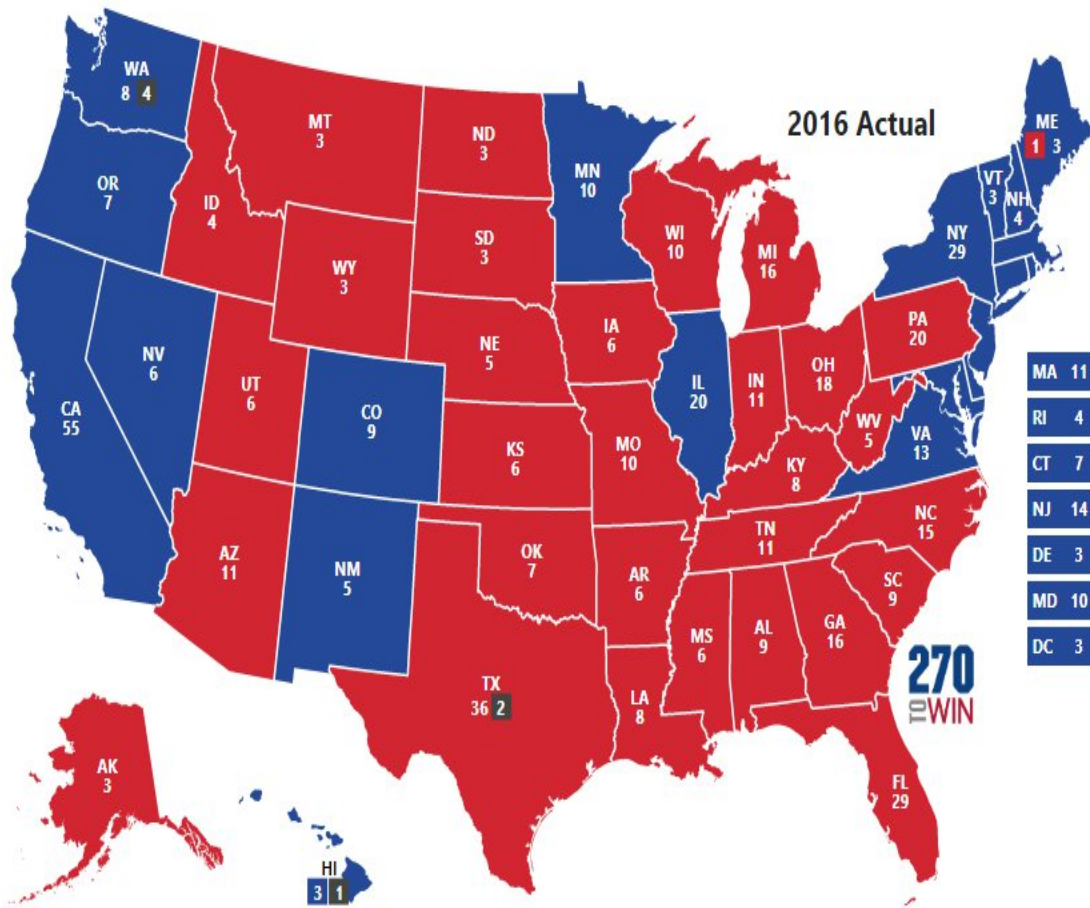

Source: RealClearPolitics

Trump won in 2016 despite what the pollsters said. Trump won 30 states with 304 electoral votes.

Clinton (D) 227

304 Trump (R)

Then, of course, there's 2020 where they used COVID to push cheat-by-mail - and even though Trump was STILL winning big on election night - they did all sorts of nefarious things to shut down the count and truck in millions more phony ballots.

They stole it right before our eyes.

The pollsters ALWAYS say that the Democrats are going to win - no matter what.

They do that to demoralize conservatives and stop them from voting. They do it so Democrats can pull a fast one and cheat at the end. Sometimes pollsters "course correct" at the last minute to save face. Sometimes not.

In Trump's case - Republicans do NOT answer polls for fear they will be targeted - so there is a HUGE silent vote for him. Even the left-wing pollsters admit that.

What does Wall Street say?

In order to take your attention off that reality - the left has been running psyops all week long to distract you and demean you. That's in addition to fake polls.

David Sacks  
@DavidSacks

This week's psyops:

Monday: A roast comic's joke will decide the election.

Tuesday: Phantom apostrophe.

Wednesday: "I will protect women" referred to abortion instead of keeping killers from pouring across the border.

Thursday: Trump wants to put Liz Cheney in front of a firing squad.

Friday: "Undecideds" breaking for Kamala by double digits.

Saturday: Kamala is winning Iowa.

3 more days to go. Ignore the noise and vote.

They keep blaming Trump for chaos when they are the ones who cause the chaos.

DeNiro says you have to vote for Kamala because, even though she's made lots of mistakes, she's trying to do the right thing. Look at his face!

"She's doing the right thing. And it's that simple. Look, people make mistakes here and there, of course, but she's going in the right direction." 🤔

WRONG. 79% of the country thinks we are going in the WRONG direction. He can't think of one policy decision she's made that's right! DeNiro must be on the Epstein or Diddy tapes.

BREAKING: Former Brazil President Jair Bolsonaro just released a video endorsing Trump for President, saying the United States projected power when Trump was President.

"The return of Trump is the certainty for a better world. No wars, no terrorism, and a return to liberty in its purest form."

There are close to 2 million Brazilian Americans living in some of the biggest cities in the battleground states. I pray Bolsonaro's message reaches all of them.

Early voting data is in and it shows Republicans in a favorable position. We will win as long as we show up on election day and vote.

RE: LATEST INTERNAL BATTLEGROUND STATE POLLING – PRESIDENT TRUMP HOLDS
EDGE IN ALL BATTLEGROUND STATES

DATE: OCTOBER 10, 2024

Our firms just completed the latest round of Battleground State surveys in Arizona, Georgia, Michigan, Nevada, North Carolina, Pennsylvania, and Wisconsin¹. What follows is the ballot for each state:

	AZ	GA	MI	NV	NC	PA	WI
Trump	49%	50%	49%	50%	48%	49%	49%
Harris	46	45	48	47	47	48	48
Undecided	5	5	3	3	5	3	3
Net Trump +/-	+3	+5	+1	+3	+1	+1	+1

As you can clearly see, President Trump holds an edge in all 7 Battlegrounds including all the “Blue Wall States.” This data projected out would put President Trump at 312 Electoral votes. As importantly, President Trump is at or on the precipice of 50% in virtually all of these states.

Given today’s high inflation data and Kamala Harris’ admission that she would not have changed or done anything different than Joe Biden, we expect that President Trump’s edge will only continue to solidify.

Another poll that dropped today in Iowa: In the statewide youth straw poll conducted by the Iowa Secretary of State, Trump beat Harris by 30 points, 61-31. That's seven points better than Trump did in 2020, when he beat Biden 55-32.

And this state is going to swerve 11 points toward Kamala Harris? No way.

Yesterday - Trump mentioned Michelle Obama. Why? Because both Barack & Michelle are out there bashing Trump.

PRESIDENT TRUMP: "Obama is the big **divider** and troublemaker."

Yes he is! Obama is the snake behind all the division and chaos in America - yet he projects his hate onto others! Obama is the ultimate divider-in-chief!

The Bible tells us to AVOID smooth-talking charlatans, deceivers and snakes like Obama!

I urge you, brothers, to watch out for those who cause divisions and put obstacles in your way that are contrary to the teaching you have learned. Keep away from them. For such people are not serving our Lord Christ, but their own appetites. By smooth talk and flattery they deceive the minds of naive people.

Romans 16:17-18

PRESIDENT TRUMP: "I took over the mess that Hussein Obama, who's a **divider** and troublemaker, made at the border. I've always treated his wife with respect, but she came at me the other day. Not nice. But she came at me the other day, and I think we're gonna have a little fun with Michelle."

Hmm. What did Michelle say? She said Trump is a "small man trying to make himself feel big by pouring gasoline" on people's pain. Hmm. That sounds like Obama.

Michelle said that "if we keep exposing our children to hatred and ugliness, we risk eroding their sense of humanity, we risk breaking their spirits, we risk extinguishing their hope for the future." Hmm. That sounds like what Obama did to our country! Race relations plummeted under Obama. Even CNN says that! PROJECTION.

54% said relations between blacks and whites got worse when Obama became president, including 40% of black Americans! He pitted people against

each other - on purpose!

Last week, New York Communists invaded a home and killed a man's pet squirrel. I think that one act woke up more Americans as to what the real threat of Communism, Fascism and Totalitarianism means than anything else that has happened in the past 8 years.

Robert F. Geier ✓
@rfgeier

Replying to @SydneyLWatson

Why is the squirrel story so important?

Because when government will invade your home and kill your pets, it suddenly feels real to average Americans.

It brings the horror of being under the boot of tyrants to life.

This straw may be the one that breaks the back of tyrannical government overreach and those who practice its evil.

So be it.

To Liberty! 🇺🇸🇺🇸🇺🇸

Sic semper tyrannis!!

BUCK SEXTON: "I understand that New York State [Democrats] killing Peanut the squirrel involves the death of a rodent, and to some people that seems unimportant, but when you bond with an animal as a pet, there's a sentimental and emotional connection that should be respected. That New York state would allow some bureaucrats under the umbrella of a "conservation" agency to take someone's pet and kill it, just displays the vindictive sociopathy that is a defining feature of so many (Democrat-controlled) government agencies today.

None of this is an accident. The mentality of the Democrat-bureaucrat is much more similar to the statist-sadists described in Solzhenitsyn's "Gulag Archipelago" than we want to believe. But just like then, they demand you submit to the whim of the machine, even when vicious, random, and unfair. That's because the underlying premise of the machine is that it cannot be

wrong, by definition, and your "rights" are just in the way.

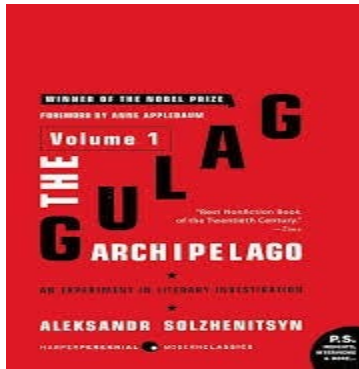

Solzhenitsyn described the frustration that Soviet officials would feel with the outrage of those innocents arrested- it didn't matter that the victim of the state had done nothing wrong, the machine was a system and anything slowing it down was friction, to be treated as waste. So it is with many of the statist-bureaucrats today.

They have low-show jobs, often of little or no productive value, so they wield whatever authority they have in a vindictive, mechanistic way. Now an employee of the state of New York pretending that a beloved pet, one that raised money for animal rescue, is a "rabies risk" is the worst kind of petty tyranny.

Everyone knew it was bull**it, but the state goons went along with it anyway. The govt, and public at large, had no real interest or benefit from the machine's actions in this case, but its assembly line of pointless cruelty continued.

Yes, Peanut was just a squirrel, but a state agency that would confiscate *and kill* your harmless pet for no reason is also one that would lock you up for refusing to take an experimental vaccine - and in the name of "the system," under certain circumstances, do things far more monstrous and cruel under the guise of necessary and right."

PS: I just ordered the book GULAG ARCHIPELAGO about the horrors of the Bolshevik Labor Camps and mass murder in Lenin's & Stalin's Soviet Union. This is what the modern-day NWO wants to do to America.

Two days after he was seized from his home in New York, Peanut the Squirrel has been

OK - back to the election. Even Nate Silver - the most leftist pollster there is - predicts Trump will win.

The big picture: Who is favored to win the presidency?

Chance each candidate has of winning Electoral College or the popular vote in the 2024 presidential election and our best predictions of the outcome based on 40,000 simulations from our model

Candidate	Electoral College probability	Popular vote probability	Predicted electoral votes	Predicted popular vote share
Harris	48.1%	75.3%	270.5	50.5%
Trump	51.5%	24.7%	267.5	48.4%
No majority	0.4%			

Note: Each candidate winning exactly 269 electoral votes would result in no Electoral College majority, but it could also happen if a third party candidate receives electoral votes.

It's not a joke that Kamala wants to confiscate our guns. She said so on video. Look it up.

Why are the Cheneys so in love with Kamala? Because she promised to install Liz in the Defense Department to lead America to war. Trump hates war and wants peace through strength. He doesn't want to sacrifice your children on the altar of the MIC.

Stephen Miller  

@StephenM

Kamala's top military advisor is Liz Cheney. If Kamala wins, Liz and Dick are running foreign policy and they will invade the Middle East.

Some of you may be considering sitting this election out, or voting for a third-party candidate, because you strongly disagree with Kamala Harris about Gaza.

Even Nikki Haley joined Team Trump - kicking and screaming.

“On taxes, spending, inflation, immigration, energy and national security, the candidates are miles apart. And Mr. **Trump is clearly the better choice.**”

Nikki Haley

THE WALL STREET JOURNAL.

I agree with Mr. Trump that America should be strong—far stronger than we are today. When he was president, Russia didn't invade another country, Iran was back on its heels, China received serious pushback for the first time in decades, and our southern border was more secure. The world is unsafe under Biden-Harris, and we shouldn't expect that to change under a Harris administration.

These are enormous policy differences that will affect the lives of every American and much of the world.

Will Mr. Trump do some things I don't like in a second term? I'm sure he will. If that was the question before voters, then I imagine Mr. Trump would lose. But that isn't the question in any election. No politician gets everything right. For those of us clear-eyed enough to see Mr. Trump's flaws and honest enough to acknowledge them, the question is whether we're better off with his policies or his opponent's. On taxes, spending, inflation, immigration, energy and national security, the candidates are miles apart. And Mr. Trump is clearly the better choice.

@PastorMark

It wasn't a righteous man who ended Jezebel and Ahab; it was King Jehu, a deeply flawed man that God used as an instrument for His justice. You're voting for a president, not a pastor.

IF YOU WANT OFF THIS LIST, LET US KNOW AND IT SHALL BE SO!

The ONLY PEACEFUL way we're going to get our country back is to clean out the Democrats and RINOs from CONGRESS!

If YOU want to know how many LIES your guy has told you in one of those computer generated "Dear (constituent's name here)" form letters from his junior office flunky or verbal LIES at a

Town Hall Meeting, here's a website reflecting how good or bad YOUR guy actually is BASED
ON THE CONSTITUTION:

If you like things as they are or just can't be bothered with all this
"political stuff", do nothing and nothing will change.

No, that's not quite correct. Actually things will get worse –
a HELL OF A LOT WORSE!!

Where will YOU go if "AMERICA - the IDEA - is LOST?"
