

On January 21, 2009 - the day Hillary Rodham Clinton was sworn into office as the Secretary of State under Barack Hussein Obama, the US Department of State established a classified email account on the DoS server. Clinton never once used that that secure system. **-FBI Report: "Clinton Email Investigation" September 2, 2016**

"From the group of 30,000 email returned to the State Department, 110 in 52 email chains have been determined by the owning agency to contain classified information at the time they were sent or received. Eight of those chains contained information that was Top Secret at the time they were sent; 36 chains contained Secret information at the time.; and eight contained Classified information, which is the lowest level of classification. Separate from those, about 2,000 additional emails were "up-classified" to make them Confidential; the information in those had not been classified at the time the emails were sent." **-FBI Director James Comey, July 5, 2016**
