

Thanks Dave. You have no idea how God is working through what we started here. I feel like I've created a monster, but it's a GOOD monster. Things are exploding. Fast.

Things are happening that can ONLY be of God. I'm not smart enough to figure this stuff out. He is dropping it all in my lap, ready made ready to launch.

On Sunday Dec 31 (New Years eve morning), we are starting, what for all practical purposes is a church, though I hesitate to use that word. But we have approximately 80 people ready to come be a part of it. This is not going to be like the Establishment Church. These are on fire, Remnant believers who have come out of the churches and are ready to go to the next level.

We aren't going to have a pastor but I will lead things along with one other guy while we train the others for leadership. Our intent is what you do on your show, where everybody gets to participate. No spectators allowed. And people will have homework. I intend to have everybody use Terry's guidebook to help us read through the Old Testament once and the New Testament twice in a year. This will be the basis for our Sunday morning studies.

The other thing we will be doing is going OUT on Saturdays door to door outreach and also taking day trips to the killing Center in Milwaukee. Those who came to the Bootcamp can't wait for this to be a regular monthly trip. Except now instead of 25 people we have 80.

God orchestrated this whole thing with moving the Expo to the Marshfield Mall. That never would have even entered my mind. I'm not that smart. But that whole thing is another story. It's going to have an enormous impact on this entire area. Last year we had seating for 250 and it was standing room only. This year we are planning seats for 600 and I have no doubt we will fill all the seats.

A couple weeks ago a couple visited us from down by Madison. They are starting a Salt and Light Brigade down there, using our place as a model for what they will be doing.

Today I got a call from a guy in Florida who wants to move up here to work in our ministry. He is a handyman by trade and MY handyman that does all my work for me is ready to retire and has been looking for somebody to take over his customers. This Florida guy has all the Ministry skills we are still currently lacking.

Bear in mind this ALL has happened in just the last week.

Things are moving fast. Beyond comprehension what God is doing up here.

ANYWAY: I STILL need the phone numbers for a Flip, Pastor Bill and Bill Federer. I emailed Flip but haven't heard back from him yet. But since I'm a month behind schedule with the Expo prep I REALLY need to talk to all these guys this week. So if you can send me that info right away I need to get going on it.

Thanks for all you do. God gets all the glory but you need to know none of this would be happening without our partnership with Pass The Salt! YOU have had an enormous impact on me spiritually and now that is being transferred to MANY more. We have 80 at least, coming in person but THOUSANDS MORE being impacted through the newspaper, Radio and internet work I'm doing.

God at work!
